

It's finally...

Community News Friendly Village of Gorham April 2016

Please
come to a complete stop at *all* STOP signs, then proceed slowly at 15 mph throughout the Friendly Village.

Our roads have lots of pedestrians with pets and children and children on bikes. Please Slow down

Happy Birthday
to all residents who are celebrating an April Birthday... We hope you have a great one!

STORAGE LOT

As we get into the Spring season, the crew has been looking over the vehicles, trailers etc. parked in the storage lot at the end of Ash Drive. As you know as a resident of our community, it is required that all vehicles etc. are registered with the Town of Gorham and that it has a license plate and tags are clearly visible on your vehicles. We have two trailers in the storage lot that are not registered and no owner identified in our list at the office. Please contact the office if the following trailers are yours:

- Snowmobile trailer plate 927948 7/2001
- Tractor Supply black trailer w/o plate

Dates to Remember in April:

- 1- April Fool's Day
- 7- World Health Day
- 15- Good Friday & Tax Day
- 17- Easter Sunday
- 22- Earth Day
- 23- Last Day of Passover
- 24- World Immunization Week
- 28- National Super Hero Day
- 29- Arbor Day
- 30- International Jazz Day

MANAGER'S CORNER

Spring is in the air, at least I hope so!

Residents are reminded that NO motorized equipment other than licensed vehicles are allowed on Community roads, with the exception of lawn mowers. This includes but not limited to, ATV's, mini bikes, dirt bikes or any other motor driven equipment, other than lawn mowers. If you have any question please call the office.

When it comes to raking, keep the weight down on the leaf bags. We have to throw them at least 5 to 6 feet into the trucks. Bags that are overweight will be left behind, so if you can't lift them over your head, we can't throw them!

Any limbs or branches can be put at curbside for pick up. Feel free to sweep your drive into the street for the sweeper to pick up. No date as of yet for the street sweeper.

I would also remind folks with dogs to pick up after their mess, either in your yard or on a walk.

JOHN L. RICHARD

Lemon Supreme Pie

Total Time

Prep: 45 min. + chilling Cook: 10 min. + chilling **Makes** 8 servings

Ingredients:

**Dough single-crust deep-dish pie

lemon filling:

- 1-1/4 cups sugar, divided
- 6 tablespoons cornstarch
- 1/2 teaspoon salt
- 1-1/4 cups water
- 2 tablespoons butter
- 2 teaspoons grated lemon zest
- 4 to 5 drops yellow food coloring, optional
- 1/2 cup lemon juice

cream cheese filling:

- 11 ounces cream cheese, softened
- 3/4 cup confectioners' sugar
- 1-1/2 cups whipped topping
- 1 tablespoon lemon juice

Directions

1. On a lightly floured surface, roll dough to a 1/8-in.-thick circle; transfer to a 9-in. deep-dish pie plate. Trim to 1/2 in. beyond rim of plate; flute edge. Refrigerate 30 minutes. Preheat oven to 425°.
2. Line crust with a double thickness of foil. Fill with pie weights, dried beans or uncooked rice. Bake on a lower oven rack until edge is golden brown, 20-25 minutes. Remove foil and weights; bake until bottom is golden brown, 3-6 minutes longer. Cool on a wire rack.
3. For lemon filling, combine 3/4 cup sugar, cornstarch and salt in a small saucepan. Stir in water until smooth. Bring to a boil over medium-high heat. Reduce heat; add remaining sugar. Cook and stir until thickened and bubbly, about 2 minutes. Remove from heat; stir in butter, lemon zest and, if desired, food coloring. Gently stir in lemon juice. Cool to room temperature, about 1 hour.
4. For cream cheese filling, beat cream cheese and confectioners' sugar until smooth. Fold in whipped topping and lemon juice. Spread over pie shell.
5. Cover cream cheese filling with lemon filling. Refrigerate pie overnight. If desired, dollop additional whipped topping over lemon filling. Refrigerate until serving.

Test Kitchen Tips

- Cornstarch needs just a few minutes of boiling to thicken a sauce, gravy or dessert filling. If it cooks too long, the cornstarch will begin to lose its thickening power. Carefully follow the recipe for the best results.
- Go for freshly squeezed lemon juice when preparing this pie. Bottled lemon juice, which is from concentrate, won't provide the same bright, fresh flavor.

Dough for single-crust deep-dish pie

Combine 1-1/2 cups all-purpose flour and 1/4 tsp. salt; cut in 2/3 cup cold butter until crumbly. Gradually add 3-6 Tbsp. ice water, tossing with a fork until dough holds together when pressed. Shape into a disk; wrap and refrigerate 1 hour.

Earth Day is April 22, 2016. What are you willing to do in order to Reduce, Reuse, and Recycle? Here is a list of several earth friendly alternatives for everyday household products and their uses:

- Baking Soda - cleans, deodorizes, softens water, scours.
- Soap - unscented soap in liquid form, flakes, powders or bars is biodegradable and will clean just about anything. Avoid using soaps which contain petroleum distillates.
- Lemon - one of the strongest food-acids, effective against most household bacteria.
- Borax - (sodium borate) cleans, deodorizes, disinfects, softens water, cleans wall-paper, painted walls and floors.
- White Vinegar - cuts grease, removes mildew, odors, some stains and wax build-up.
- Washing Soda - or SAL Soda is sodium carbonate decahydrate, a mineral. Washing soda cuts grease, removes stains, softens water, cleans wall, tiles, sinks and tubs. Use care, as washing soda can irritate mucous membranes. Do not use on aluminum.
- Isopropyl Alcohol - is an excellent disinfectant. (It has been suggested to replace this with ethanol or 100 proof alcohol in solution with water. There is some indication that isopropyl alcohol buildup contributes to illness in the body. See <http://drclark.ch/g>)
- Cornstarch - can be used to clean windows, polish furniture, shampoo carpets and rugs.
- Citrus Solvent - cleans paint brushes, oil and grease, some stains. (Citrus solvent may cause skin, lung or eye irritations for people with multiple chemical sensitivi-

It's April and after a long winter it is a good time to freshen things up with a thorough Spring cleaning.

Save time and money while being kind to the environment by making your own cleaners at home with ingredients you most likely already have in your cupboard. *Make sure to keep all home-made formulas well-labeled, and out of the reach of children.*

Mold and Mildew: Use white vinegar or lemon juice full strength. Apply with a sponge or scrubby.

Tub and Tile Cleaner: For simple cleaning, rub in baking soda with a damp sponge and rinse with fresh water. For tougher jobs, wipe surfaces with vinegar first and follow with baking soda as a scouring powder. (Vinegar can break down tile grout, so use sparingly.)

Window Cleaner: Mix 2 teaspoons of white vinegar with 1 liter (qt) warm water. Use crumpled newspaper or cotton cloth to clean. Only use the black and white newspapers, not the colored ones. Don't clean windows if the sun is on them, because if they are warm, streaks will show on drying. Be sure to follow the recipe, because using too strong a solution of vinegar will etch the glass and eventually cloud it.

Chopping block cleaner: Rub a slice of lemon across a chopping block to disinfect the surface. For tougher stains, squeeze some of the lemon juice onto the spot and let sit for 10 minutes, then wipe.

Coffee and tea stains: Stains in cups can be removed by applying vinegar to a sponge and wiping. To clean a teakettle or coffee maker, add 2 cups water and 1/4 cup vinegar; bring to a boil. Let cool, wipe with a clean cloth and rinse thoroughly with water.

Deodorize:

- Plastic food storage containers - soak overnight in warm water and baking soda
- In-sink garbage disposal units - grind up lemon or orange peel in the unit
- Carpets - sprinkle baking soda several hours before vacuuming

Thinkable Puzzles What Word #8

Example: Clue: Display the animal hair
"Literal" Answer: Show Fur
End Answer: Chauffeur

1. Me sprinted _____
2. Big fib, off opposite _____
3. Happy 15th letters _____
